How to Play Cards In Safe Room

Things we could have:
Enemy: Splat (Spider Hidden Texture: Sound and can barley see it) Low damage (5) Max 18 (Scale of the model adjusts the damage)
Enemy: Blueboons (infected baboons (super fast)) 20 damage per hit.
Ability: Barricade doors (challenge mini game to build barricades)

Player starts in a safe room

Int the 1st safe area a how to play wall with short to the point text and simple graphics the icons also carry over to the artifacts in the game would be best: like Search, Build, Risky Resource, and Escape
I think later I would like to add hero's journey for extra points to unlock specials
